16 March 2020

Dear Year 7/8 parents and families

Given the current health updates being offered by local, state and national authorities, as a preventative measure, the decision has been made to suspend arrangements for the Year 7 and 8 outdoor education programs scheduled for Week 9 of this term. We are looking into alternate options for later in the year but at this stage the outdoor education experiences are postponed until further notice.

We hope that families appreciate that the decision has been made with the safety and wellbeing of our girls and our staff at the forefront.

If you have any questions, please contact me via supasiri@sthildas.qld.edu.au or (07) 5532 4922.

Yours sincerely

Ms Sheri Upasiri
Bed (Sec:Hum)/ BA MACE
Head of Middle School
